

## Integrated Curriculum

### **The Ground Beneath My Feet**

Topic focus: **Geography, Science and DT**

Volcanoes and Earthquakes.

We will be learning the different types of volcanoes and what causes volcanoes to be created. We will learn about famous volcanoes such as the Pompeii disaster. We will then learn about what Earthquakes are and how they are created, before thinking about the impact earthquakes can have on humans and the environment.

In Science, we will be looking at rocks and fossils. We will learn the different types of rock and how fossils are formed. We will link this back to our learning on Earthquakes and Volcanoes.

We will end our Science topic by learning about skeletons. We will learn about endoskeletons and exoskeletons and why we have a skeleton.

In DT we will plan, design, make and evaluate a moving skeleton toy using a pulley system.

## English –

### ***The Fire-work Makers Daughter***

#### Instructions

Our first outcome for this novel will be writing instructions on how to make our own Firework.

We will learn how to use bullet points and colons correctly. Before learning how to use imperative verbs. We will include these in our instructions.

#### Narrative

Our second outcome for this novel is a narrative telling part of the story. The main focus for this outcome is speech. We will learn how to use inverted commas correctly in our writing.

#### Non-Chronological report

Finally, we are going to write a non-chronological report about volcanoes and Earthquakes.

## PSHE

- Relationships
